

Product Disclosure Statement

For an offer of units in the NIKKO AM DOMESTIC EQUITY FUNDS

This is a replacement PDS, which replaces the PDS dated 11 January 2022

Dated 3 July 2023

Issued by Nikko Asset Management
New Zealand Limited

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on www.business.govt.nz/disclose. Nikko Asset Management New Zealand Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial adviser to help you to make an investment decision.

1. Key information summary

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Nikko Asset Management New Zealand Limited (**Nikko AM NZ, we, us or our**) will invest your money and charge you a fee for its services. The returns you receive are dependent on our investment decisions and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

What will your money be invested in?

There are 2 investment options offered under this Product Disclosure Statement (PDS).

These investment options are summarised below. More information about the investment target and strategy for each investment option is provided at Section 3.

Fund name	Description of the fund and investment objectives	Risk indicator	Annual fund charges (% p.a. of net asset value (NAV)). All fees and expenses are inclusive of GST where applicable. If you are receiving financial advice, servicing and advice fees may also be applicable ¹	Indicative Buy/Sell Spread of each investment/redemption ³
Nikko AM Core Equity Fund	The Nikko AM Core Equity Fund aims to outperform the S&P/NZX 50 Index Gross with Imputation credits by 3.0% per annum over a rolling three year period before fees, expenses and taxes. This fund aims to provide investors with exposure to New Zealand and Australian equity markets from an actively managed investment portfolio with potential for growth of income and capital. This fund has a high level of volatility.		Fund charges: 0.95%	0.29%/0.29%
Nikko AM Concentrated Equity Fund	The Nikko AM Concentrated Equity Fund aims to outperform the RBNZ Official Cash Rate plus 5.0% per annum over a rolling three year period before fees, expenses and taxes. This fund aims to provide investors with concentrated exposure to New Zealand and Australian equity markets from an actively managed investment portfolio. This fund has a high level of volatility.		Fund charges: 1.15% Performance-based fee: Yes, see Section 5 for details	0.29%/0.29%

Fund name	Description of the fund and investment objectives	Risk indicator	Annual fund charges (% p.a. of net asset value (NAV)). All fees and expenses are inclusive of GST where applicable. If you are receiving financial advice, servicing and advice fees may also be applicable ²	Indicative Buy/Sell Spread of each investment/redemption ³
Nikko AM SRI Equity Fund ¹	The Nikko AM SRI Equity Fund aims to outperform the S&P/NZX 50 Index Gross with Imputation credits by 3.0% per annum over a rolling three year period before fees, expenses and taxes. This fund aims to provide investors with exposure to New Zealand and Australian equity markets from an actively managed investment portfolio with potential for growth of income and capital. The Fund will exclude certain securities under a socially responsible investment framework. This fund has a high level of volatility.		Fund charges: 0.95%	0.29%/0.29%

¹ As the fund has existed for less than 5 years, market index returns have been used to calculate the risk indicator for the period April 2018 to December 2021, and returns data for the period January 2022 to March 2023. As a result of market returns being used, the risk indicator may provide a less reliable indicator of the potential future volatility of the fund.

² **Servicing and advice fees: (Applies only with your agreement and if you are receiving financial advice)**

If we have received a letter of instruction from you to deduct an agreed fee payable to your financial adviser, we will deduct that agreed fee as a servicing and advice fee. The amount of the fee can range from 0% - 1.00% per annum (incl. GST). The fee is paid monthly by redemption of units you hold, until you advise us that you no longer wish us to pay that fee.

³ These buy/sell spreads are stated as at the date of the PDS and are indicative only. See <https://www.goalsgetter.co.nz/our-fees?tab=other-specific-fees> for current rates.

See Section 4 “What are the risks of investing?” for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at <https://sorted.org.nz/tools/investor-profiler/>

Who manages the Scheme and the Funds?

The Manager of the Scheme and the funds is Nikko AM NZ. See Section 7, “Who is involved?” for more information.

What are the returns?

The return on your investment is calculated based on:

- an increase or decrease in the unit price; and
- income distributions made by the Fund.

Any distributable income includes interest receipts and distributions received from the underlying funds into which the funds invest. Distributions may occur semi-annually in March and September. See Section 2 of this PDS, “How does the investment work?” for more information.

How can you get your money out?

Investments in the funds are redeemable.

You may at any time request the redemption of some or all of your investment. In some circumstances, we may suspend or defer withdrawals. See “Withdrawing your investments” under Section 2 for more information.

Your investment in the funds can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

How will your investment be taxed?

The funds offered under this PDS are Portfolio Investment Entities (PIEs).

The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). To determine your PIR, go to <https://www.ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate>. See Section 6, “What taxes will you pay?” for more information.

Where can you find more key information?

Nikko AM NZ is required to publish quarterly updates for the funds. The updates show the returns and the total fees actually charged to investors during the previous year. The latest fund updates are available at www.nikkoam.co.nz/invest/retail. The Manager will also give you copies of those documents on request.

2. How does this investment work?

This PDS is an offer to purchase units in the Nikko AM Domestic Equity Funds. Each of the funds is a trust established within the Scheme and governed by the Trust Deed effective 25 June 2021 (the **Nikko AM NZ Trust Deed**).

The money you invest buys units in a fund. When you invest in the fund or funds you choose, your money is held on trust and pooled with the money of other investors in the fund. We use this money to buy assets for the fund on behalf of all investors in the fund. Assets are selected and managed by a professional investment management team in the manner described in Section 3, “Description of your investment options”.

The purchase of units gives you the right to the returns from the assets of the fund, but does not give you legal ownership of the fund’s assets.

The assets of each fund are not available to be applied to meet the liabilities of any other fund in the Scheme.

Each fund’s unit price is usually calculated on each Business Day by dividing the total net value of the fund’s assets by the number of units on issue in the fund, rounded to four decimal places.

The funds’ assets are valued independently of us by BNP Paribas Fund Services Australasia Pty Limited (the **Administration Manager**). The value of your investment will be impacted by any change in the value of the assets of the fund which is reflected in the unit price of the fund. You can calculate the value of your investment by multiplying the number of units you hold in the fund by the exit price of a unit. The most recent unit prices are available at www.nikkoam.co.nz/invest/retail.

Benefits of investing in the funds include the following:

- your money is managed by our investment professionals; and
- we have access to investment opportunities and markets that may not be accessible to all investors

Distributions

Distributions from these funds to investors generally occur semi-annually in March and September.

A fund’s unit price will generally fall immediately following the end of a distribution period reflecting the amount of distribution paid from the fund.

Distribution amounts you receive will depend on the number of units you hold at the end of a distribution period and the amount per unit to be distributed by the fund.

Distribution amounts will vary between distribution periods and are not guaranteed. There may be times when a distribution is not made and times when a special distribution is made outside the usual distribution periods.

On application you need to notify us of your choice to either have distributions reinvested in additional units in the fund, or paid out. If you do not notify us of your choice we will automatically reinvest the distributions in additional units.

You may alter your instruction to receive or reinvest distributions by contacting us (please see Section 10, “How to apply” for further information). Requests to change your instructions must be received by us at least five business days prior to the end of a distribution date to be effective for that distribution date.

We may change the distribution frequency or timing but will give notice of any change. The Nikko AM NZ Trust Deed requires us to pay distributions as soon as practicable after calculation but no later than two months after the calculation date.

Making investments

To invest in the funds, contact us for an application form.

Please see Section 10 “How to apply” for more information or contact us at NZenquiries@nikkoam.com.

The minimum initial investment in the funds is \$250. The minimum investment amount is subject to change. Further investments must be at least \$20. Further investments can be made by lump sum or regular investments.

We may accept or refuse any application either in whole or part and we are not required to give any reason or ground for such refusal.

Withdrawing your investments

See section 10 for how to redeem if you are investing via a party other than the Manager, such as a PIP or custodial service.

You can contact us to request a redemption of some or all of your investment at any time.

Nikko AM NZ sets a minimum redemption amount of \$250. The number of units redeemed will be calculated by dividing the dollar amount you request to redeem, less any withdrawal fee (not currently charged), by the applicable exit price of a unit. Any redemption request which would cause an investor's holding in a fund to fall below \$250 may be deemed by us to be a redemption request in respect of their entire holding in the fund.

We will deduct from your redemption proceeds an amount equal to any applicable PIE tax on income allocated to redeemed units.

We will pay net proceeds to you as soon as possible after processing the request and in any event no later than 30 days after receipt. We may however suspend or defer withdrawals or delay payment under certain conditions summarised in the Nikko AM NZ Other Material Information document (on the offer register) or as set out in full in the Nikko AM NZ Trust Deed (on the scheme register). In those circumstances, you may have to wait a longer period of time before you can withdraw your investment.

How to switch between funds

You can request to switch part or all of your investment from one fund to another fund within the Scheme at any time by contacting us. We may decline or delay the switch without providing a reason. Switches investors can make in any calendar year are limited to 12. Unless you are switching all of your investment, at least \$250 must remain in the fund. A buy/sell spread may be applicable.

A switch is regarded as a withdrawal from an investment and an acquisition of a new investment. If you make an application to withdraw or switch, we will deduct any PIE tax required from the amount that is withdrawn or switched between the funds and pay any such PIE tax to Inland Revenue.

This PDS is for the Nikko AM Domestic Equity Funds. Information on other Nikko AM NZ funds not offered under this PDS is provided in the following PDS documents, which can be found at <https://www.nikkoam.co.nz/invest/retail>:

- Nikko AM Cash and Fixed Interest Funds PDS
- Nikko AM Global Equity Funds PDS
- Nikko AM Diversified Funds PDS
- Nikko AM ARK Disruptive Innovaton Fund PDS
- Nikko AM Income Fund PDS.

Responsible investment

Responsible investment, including environmental, social, and governance considerations, are taken into account in the investment policies and procedures of the Scheme as at the date of this product disclosure statement. For more information, please see <https://www.goalsgetter.co.nz/responsible-investing-with-nikko-am>.

3. Description of your investment options

Fund	Summary of investment objective and strategy	Target asset mix	Risk Indicator	Minimum suggested investment timeframe
Nikko AM Core Equity Fund	<p>Fund Objective: To outperform the S&P/NZX 50 Index Gross with Imputation credits by 3.0% per annum over a rolling three year period before fees, expenses and taxes.</p> <p>Strategy: Aims to provide investors with an exposure to New Zealand and Australian equity markets from an actively managed investment portfolio with potential for growth of income and capital by investing directly into equity market securities listed or contemplated to be listed on any New Zealand or Australian recognised securities exchange.</p> <p>Full details of the strategy, permitted investments and restrictions for the fund are outlined in the SIPO.</p>	<p>The Nikko AM Core Equity Fund targets 100% investment in the Nikko AM Wholesale Core Equity Fund.</p> <p>The Nikko AM Wholesale Core Equity Fund's target asset allocation is 100% Australasian equities.</p>	<p>5</p> <p>This fund has a high level of volatility.</p>	Five years
Nikko AM Concentrated Equity Fund	<p>Fund Objective: To outperform the RBNZ Official Cash Rate plus 5.0% per annum over a rolling three year period before fees, expenses and taxes.</p> <p>Strategy: Aims to provide investors with concentrated exposure to New Zealand and Australian equity markets from an actively managed investment portfolio investing directly into Australasian equities, listed property, cash and cash equivalents, New Zealand fixed income and international fixed income securities.</p> <p>Full details of the strategy, permitted investments and restrictions for the fund are outlined in the SIPO.</p>	<p>The Nikko AM Concentrated Equity Fund targets 100% investment in the Nikko AM Wholesale Concentrated Equity Fund.</p> <p>The Nikko AM Wholesale Concentrated Equity Fund's target asset allocation is 100% Australasian equities.</p>	<p>5</p> <p>This fund has a high level of volatility.</p>	Five years
Nikko AM SRI Equity Fund	<p>Fund Objective: To outperform the S&P/NZX 50 Index Gross with Imputation credits by 3.0% per annum over a rolling three year period before fees, expenses and taxes.</p> <p>Strategy: Aims to provide investors with an exposure to New Zealand and Australian equity markets from an actively managed investment portfolio with potential for growth of income and capital. The Fund will exclude certain securities under a socially responsible investment framework.</p> <p>Full details of the strategy, permitted investments and restrictions for the fund are outlined in the SIPO.</p>	<p>The Nikko AM SRI Equity Fund targets 100% investment in the Nikko AM Wholesale SRI Equity Fund.</p> <p>The Nikko AM Wholesale SRI Equity Fund's target asset allocation is 100% Australasian equities and Listed property.</p>	<p>5</p> <p>This fund has a high level of volatility.</p>	Five years

We may make changes to the Statement of Investment Policy and Objectives (SIPO) of the Scheme from time to time, after having given reasonable prior written notice to, and in consultation with, the Supervisor. We consider whether the changes are in investors' best interests and will notify you of any material changes before we make them. Material changes to the SIPO will also be described in the Scheme's annual report.

The current SIPO for the funds can be found on the Disclose register at www.business.govt.nz/disclose or on our website www.nikkoam.co.nz/invest/retail.

The use of the various market indices referred to here is subject to certain terms, conditions and disclaimers, details of which are available on the offer register in the document titled "Other Material Information". Further information about the assets in the funds can be found in the fund updates at www.nikkoam.co.nz/invest/retail.

4. What are the risks of investing?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

Example Risk Indicator

This is an example Risk Indicator. For the fund Risk Indicator, see the “Key Information Summary” section.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund’s assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at <https://sorted.org.nz/tools/investor-profiler/>.

Note that even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading “Other specific risks”) that are not captured by this rating.

This risk indicator is not a guarantee of a fund’s future performance. The risk indicator is based on the returns data for the period to March 2023

As the SRI Equity Fund has existed for less than 5 years, market index returns have been used to calculate the risk indicator for the period April 2018 to December 2021, and returns data for the period January 2022 to March 2023. As a result of market returns being used, the risk indicator may provide a less reliable indicator of the potential future volatility of the fund. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for the fund.

General investment risks

Some of the things that may cause the funds’ value to move up and down, which affect the risk indicator, are:

Asset allocation risk: The largest determinant of returns and volatility is the proportionate allocation to different underlying assets. Accordingly, asset allocation will impact the overall returns of the fund.

Market risk: Economic, technological, political and legal factors and market sentiment can change. These changes may affect the value of financial products in investment markets, the fund’s investments and the value of the units in the fund.

Company specific risk: In addition to market factors, a specific company’s business outlook may deteriorate because of management changes, strategy decisions, competitor activities or declining demand for its products or services. Where a fund invests in the securities of companies affected by these circumstances, investors’ returns from their investment may be negatively affected.

Liquidity risk: The risk that an investment may not be able to be sold quickly enough to prevent or minimise a loss. A lack of liquidity may also affect the amount of time it takes to satisfy redemption requests.

Currency risk: Currency risk is relevant whenever a fund invests in offshore markets. It occurs where the New Zealand currency appreciates or depreciates relative to the currency of the country in which the fund invests. The return on or value of your investment may be reduced where the New Zealand dollar rises or falls relative to other currencies.

Cybersecurity and operational risk: Cybersecurity breaches may allow an unauthorised party to gain access to the fund’s assets, customer data, or propriety information, or cause the fund or its service providers to suffer data corruption or lose operational functionality. Similar incidents affecting issuers of the fund’s securities may negatively impact performance. Operational risk may arise from human error, error by third parties, communication errors, or technology failures, among other causes.

Other specific risks

Short selling risk: The Nikko AM Wholesale Concentrated Equity Fund has the ability to use short selling investment strategies. Short selling is selling financial securities the seller does not own (i.e. borrowing the security from a broker), with the understanding that it must later be repurchased and returned to the broker. If this strategy is implemented there is the additional risk that the price of the security increases and a loss is incurred. The maximum limit on the value of securities that can be short sold is 10% of the Fund's Gross Asset Value. Although permitted to do so, the fund generally does not short sell securities. The likelihood of any impact is therefore low.

Concentration risk: The Nikko AM Wholesale Concentrated Equity Fund is designed to hold a limited number of high conviction equity positions. Accordingly, each security is likely to contribute more significantly to the Nikko AM Wholesale Concentrated Equity Fund's overall performance and volatility than in a fund with a larger number of equity positions.

5. What are the fees?

Statement about fees

You will be charged fees for investing in the funds. Fees are deducted from your investment and will reduce your returns. The fees you pay will be charged in two ways-

- Regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term.
- One-off fees (for example, individual action fees).

Annual fund charges

	Management Fee (% p.a. of NAV)	Total Annual Fund Charges (% p.a. of NAV)	Performance-based fee
Nikko AM Core Equity Fund	0.95% p.a.	0.95% p.a.	No
Nikko AM Concentrated Equity Fund	1.15% p.a.	1.15% p.a.	10% of gains above the hurdle rate
Nikko AM SRI Equity Fund	0.95% p.a.	0.95% p.a.	No

GST: All fees and expenses are inclusive of GST where applicable.

Management fee: We charge an annual management fee to each fund as set out above. The management fee is used to pay for the management of the relevant fund's assets, including underlying investment costs, the supervisor's fee and administration costs of the relevant fund (such as audit fees, registry services and unit pricing and accounting services).

The funds invest in related Nikko AM funds. There is no charge to the funds for these investments.

Annual fund charges are calculated and accrued daily and reflected in the unit price. The management fee is paid monthly to us.

Nikko AM Concentrated Equity Fund performance-based fee: The Nikko AM Concentrated Equity Fund has a performance fee of 10% of gains above the hurdle rate. The "hurdle rate" is the minimum return the fund must achieve before being able to charge a performance fee. The hurdle rate for the fund is 5% above the Reserve Bank of New Zealand Official Cash Rate over a 12 month financial period after deducting our management fee and expenses.

In our fund update, we compare the Nikko AM Concentrated Equity Fund's performance against the S&P/NZX50 Index. However, as the hurdle rate is not based on the S&P/NZX50 Index, you may be paying a performance fee even if the Nikko AM Concentrated Equity Fund's performance does not match or beat the market index.

The annual fund charges are calculated and accrued daily and reflected in the unit price. The management fee and expenses are paid monthly to us. The performance-based fee, when applicable, is paid annually to us.

The table below shows the performance fee charged to the fund over the last 5 years.¹

	Performance Fee charged in addition to management fees.²
Mar-2019	1.15%
Mar-2020	0.00%
Mar-2021	0.89%
Mar-2022	1.04%
Mar-2023	0.00%
5 year average	0.61%

¹ Future performance fees (if any) will differ from those charged in previous years.

² When a performance fee is charged, this is disclosed in the Quarterly Fund Update for the Fund in the following period.

Further explanation regarding the hurdle rate refer to the “Nikko AM NZ Investment Scheme – Other Material Information” document on the Disclose register.

Individual action fees and trading costs

There are currently no contribution, establishment, termination, withdrawal or switching fees being charged to the funds offered under this PDS. We can introduce these fees in the future as set out in the Nikko AM NZ Trust Deed.

You may be charged other fees on an individual basis for investor-specific decisions or actions.

Buy/sell spreads

A buy/sell spread is to ensure that if a transaction occurs in a fund because an investor is buying or selling units, that this investor pays this cost and not the other unit holders in the fund.

The transaction costs that buy/sell spreads offset are specific costs that are incurred when securities are bought or sold, for example, a cost would be a fee paid to a share broker to buy and sell shares.

At times of heightened market volatility there may not be the normal number of buyers and sellers of securities, which can lead to a material difference between the price you would pay to buy a security and the price you would receive for selling it. We will amend the buy/sell spread in our funds to ensure that this cost difference is borne by those who are transacting and not the other unit holders.

Buy/sell spreads vary by fund and we may change the spreads from time to time to reflect the latest brokerage costs and market conditions. For the most up to date spreads see <https://www.goalsgetter.co.nz/our-fees?tab=other-specific-fees>

Further information is available in the Buy/Sell Spread document on Disclose at www.business.govt.nz/disclose.

Servicing and advice fees (Applies only if you agree and are receiving financial advice)

If we have received a letter of instruction from you to deduct an agreed fee payable to your financial adviser, we will deduct that agreed fee as a servicing and financial advice fee. The amount of the fee can range from 0% - 1.00% per annum (incl. GST). The fee is paid monthly by redemption of units you hold, until you advise us that you no longer wish us to pay that fee.

Further information about the servicing and advice fee is available in the Servicing and Advice Fees document on Disclose at www.business.govt.nz/disclose.

Example of how fees apply to investors

Simon invests \$10,000 in the Nikko AM Core Equity Fund.

A buy spread of 0.29% is incorporated in the unit price that he pays for his investment. This equates to \$29.

This brings the starting value of his investment to \$9,971.

He is also charged management and administration fees, which work out to about \$94.72 (0.95% of \$9,971). These fees might be more or less if his account balance has increased or decreased over the year.

Simon may also be charged a performance-based fee if his fund earned more than its target.

Estimated total fees for the first year

Individual action fees: \$100 (if you have agreed to a servicing and advice fee of 1.00%)

Fund charges: \$94.72

Trading costs: \$29.00¹

¹Based on most recent spread applied to the fund at the date of this PDS. See <https://www.goalsgetter.co.nz/our-fees?tab=other-specific-fees> for current buy/sell spreads

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Nikko AM NZ Concentrated Equity Fund. If you are considering investing in other funds or investment options in the Scheme, this example may not be representative of the actual fees you may be charged.

The fees can be changed

We can change fees from time to time, and can also add new fees. Any change to the fees will be made in accordance with the Nikko AM NZ Trust Deed.

Nikko AM NZ must publish a fund update for the funds showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at www.nikkoam.co.nz/invest/retail.

6. What taxes will you pay?

The funds are portfolio investment entities. The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to <https://www.ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate>. If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Nikko AM your PIR when you invest or if your PIR changes. If you do not tell Nikko AM, a default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

For more information in relation to taxation refer to the “Nikko AM NZ Investment Scheme – Other Material Information” document on the Disclose register.

7. Who is involved?

Nikko Asset Management New Zealand Limited is the Manager of the funds.

About Nikko Asset Management New Zealand Limited

Nikko AM NZ is a wholly owned subsidiary of Nikko Asset Management Co., Ltd (**Nikko AM**), headquartered in Tokyo, Japan. Nikko AM is a dedicated global asset manager with investment professionals across the world’s major financial centres. In New Zealand we provide investment management services for domestic assets (equities, bonds, cash and alternatives) through our Auckland-based investment team and contract offshore managers to manage global assets (global equities, global bonds and alternatives).

Contact details

- Phone: 09 307 6388
- Freephone: 0800 303 308
- Email: NZenquiries@nikkoam.com
- Write: PO Box 3892, Shortland Street, Auckland 1140

Who else is involved?

	Name	Role
Supervisor	Public Trust	Supervisor of the Scheme under the Financial Markets Conduct Act 2013 and responsible for monitoring Nikko AM NZ’s compliance with its obligations.
Custodian	BNP Paribas Fund Services Australasia Pty Limited (“BNP”)	Appointed by the Supervisor to hold all of the assets of the funds on behalf of the investors.
Administrator	BNP	Perform services including fund valuation, unit pricing, fund accounting and PIE fund administration.
Registrar	Apex Investment Administration (NZ) Limited	Perform unit registry services.
Auditor	KPMG	Auditor of the Scheme and the funds.

8. How to complain

Any complaints about the funds or the Scheme may be referred to the Manager via the contact details provided under Section 7, "Who is involved?".

You can also complain to the Supervisor at:

Public Trust

Level 16, SAP Tower

151 Queen Street

Auckland

Private Bag 5902, Wellington 6140.

0800 371 471

CTS.enquiry@publictrust.co.nz

www.publictrust.co.nz/corporate-trustee-services

The Manager and the Supervisor are both members of the Financial Services Complaints Limited independent dispute resolution scheme.

If you have made a complaint to us and it has not been resolved within 40 days or if you are dissatisfied with the proposed resolution, you can refer it to:

Financial Services Complaints Limited

Level 4, 101 Lambton Quay, Wellington 6011

PO Box 5967, Wellington 6145

Freephone 0800 347 257 or 04 472-FSCL

www.fscl.org.nz

Financial Services Complaints Limited will not charge a fee to any complainant to investigate or resolve a complaint. Further information about referring a complaint to Financial Services Complaints Limited can be found at www.fscl.org.nz.

9. Where you can find more information

Further information relating to the Scheme, the units and the funds (for example, financial statements) is available on the offer register and the scheme register at www.business.govt.nz/disclose and a copy of information on the offer register or scheme register is available on request to the Registrar of Financial Service Providers. You will not be charged any fee to access this information.

An annual statement and PIE Tax Statements will be sent to you or made available through an electronic facility by the end of each June. These provide information such as your balance at year end, change in balance during the year, what fees you have been charged and how much PIE tax has been paid on your behalf. You can find more information about us and the funds on our website www.nikkoam.co.nz/invest/retail.

10. How to apply

Individual investors can apply at www.goalsgetter.co.nz. Otherwise you can apply by contacting us for application forms.

We may accept or refuse any application either in whole or part and we are not required to give any reason or ground for such refusal.

Investing through a Portfolio Investor Proxy (PIP) or a custodial service

When you invest through your advisor, or a PIP or a custodial service, such as InvestNow, you will not become a direct investor in the fund and will not have a direct relationship with us or the Supervisor. Rather, the PIP or the custodial service has the direct relationship with us and will be able to exercise any rights attached to units held.

All reports, notices and other documentation will be sent directly to the PIP or the custodial service and not to you.

When you want to redeem your investment, you need to contact your advisor, PIP, or custodial service.

The PIP and any custodial service may have entered into an arrangement with us in respect of the fund which may vary the terms and conditions of investment in the fund. You should contact your PIP or the custodial service for details of:

- the minimum investments or minimum withdrawals required by your PIP or the custodial service, and the consequences of failing to meet those minimums;
- the timing of cut-off times for applications and withdrawals; and
- whether any fees and charges are payable to the PIP or the custodial service (in addition to fees and charges set out in this PDS).

When you invest through a PIP then neither the Manager nor the Supervisor will undertake the following responsibilities, which will instead be undertaken by the PIP:

- calculating and organising payment of tax liability on income attributed to the PIP by applying the PIRs of the underlying investor;
- making adjustments to the units held on your behalf (by requesting the redemption of units) or the distributions (if any) or requiring payments to be made which reflect the tax liability on income attributed to you;
- organising the provision of returns and other information to Inland Revenue; and
- providing us any information concerning the underlying investor that may be relevant to whether the fund continues to meet PIE eligibility requirements.

If you would like further information on how to invest in the funds, please contact us at goalsgetter@nikkoam.com.
